

Dear, members of the centennial sports club of
St. Thomas,

It has been a pleasure performing at the
Rotary Music Festival this year! Two years ago
it had been the first time I performed there
and I had so much fun! what I love about
singing in front of people is that you can tell
them a story and entertain when doing so. At the
festival, it is also very cool to watch the other
contestants perform because they not only
entertain, but I also learn from them as they
sing. Thank you so much for the scholarship
money! I really appreciate it!

sincerely, Hailey Clark
